**NEW HEALTH BOARD BUDGET CALLS FOR \$16,000**

Dr. P. K. Holmes, from the State Board of Health at Columbus, met the members of the new district Advisory Health Council in the Court House Friday afternoon for organization. The board is composed of the mayors of all the municipalities in the county and the chairmen of the boards of township trustees. Preparations were made for the inauguration of the new county board of health, which will be called into active existence Jan. 1. The new county board of health also met and organized. Dr. Johnson, of Wadsworth, was made president; Dr. Whitaker, of Lodi, was made vice president; a new county health commissioner, to be elected later, will act as secretary.  
Other members of this board are Mrs. John D. Dannley, of Medina; Mr. P. O. Shank, of Litchfield, and Attorney Frank Woods, Medina.  
The board made up a budget for the county calling for the expenditure of \$16,000 next year, as follows:  
Commissioner for the county, \$3,000.  
Three nurses for county, \$3,900.  
Dairy food and meat inspector, part time, \$1,000.  
Clerk of board, \$1,200.  
Township deputies, part time, \$800.  
Auto transportation, \$3,000; incidentals, \$2,500.  
Clinic, \$400.  
All salaried persons must pass a civil service examination. Examination will be held in Columbus some time in October for Commissioner and nurses. Minor employees can pass it in the county. Preference will be given to Medina county citizens. The per capita for this work will be about 54 cents for Medina county citizens.

**CHURCH OF CHRIST MAY BUILD EDIFICE**

The question of a new church edifice is receiving discussion by the Church of Christ congregation. No definite plans have been considered; simply that the members of the congregation have begun to ask the question, "Why not a new church; we have the money and it won't be long until prices will decline so that we may safely undertake the proposition?"  
The present edifice was built some forty years ago, by the fathers and grandfathers of certain of the present congregation. While not an imposing structure as compared to the present day edifices, it was in its day a pleasing and handsome church, has served its purpose for years, has seen many an active evangelizing campaign, and is still housing a band of good christian workers. But many in the congregation feel that it has served its purpose, well, and that a larger and better equipped church is the congregation's just due, and it is almost certain that plans will soon be set on foot that will lead to the erection of an edifice that will be an honor to the congregation, the denomination and the city in which it is situated.

Dear Sir: Through your courtesy I had the privilege last evening of seeing the presentation, in our opera house, of the picturization of "The Shepherd of the Hills", and was greatly pleased during the performance. The friends who sat by my side during the performance, the various features of interest in the presentation, and there is a commendable absence of the extravagances that too frequently blamish motion picture stories. The reaction of an ideal and dominant purpose in a life upon the standards and habits of other lives gives moral value to the implied teachings, affording encouragement to folks to go and do likewise. The verbal explanations and the accompanying music effectively afford the necessary intellectual and emotional appeal to eye, to ear and to heart.  
Allow me to thank you for a privilege that was a real pleasure to me.  
Sincerely yours,

My dear Sir: I am in receipt of your letter of the 1st. I appreciated your invitation to see the initial performance of "The Shepherd of the Hills" in the Palace Theatre on April 24th. I accepted it with pleasure. It gives me further pleasure to bear witness to its value. I found the film much of a mountain pastoral, simple in its beauty, and strong in its moral underlay. Of the facts which gave warrant for the scenario I know much through personal experience, and the work of the artist has an historical background. Such films please while they educate, and they throw into life inspirations as they draw one away from the wear of every day industry. I was glad to see it, for the land has no such efficient and potent educator as the screen today. The devotee of the photo-play will have no disappointment in "The Shepherd of the Hills".  
Sincerely yours  
Wm. A. Powers
